

CERTIFICATE

Certificate-ID: C-11-2021-21254258
Certificate for: Audited energy data management system

Certificate holder:

WiriTec GmbH
Berliner Ring 103
64625 Bensheim, Germany

Test report: B-11-2021-21254258

Product: WiriTec C

Basis of certification: Audited energy data management system in accordance with the catalogue of requirements Version 3.0 (as of 06/2018)

Scope of certification: Document and system review of functionalities for use with energy management systems in accordance with ISO 50001:2018, ISO 50006:2014 and energy audits in accordance with ISO 50002:2014

It is herewith confirmed that the functionalities and characteristics of the energy data management system WiriTec C described in the test report as well as in the appendix to the certificate, have been verified within the framework of a document and system review. The energy data management system WiriTec C verifiably supports compliance with the requirements of the chapters of the standards ISO 50001:2018, ISO 50006:2014 and energy audits in accordance with ISO 50002:2014 as listed in the appendix to the certificate.

This certificate is valid until 30 November 2023.
